CP/M UK User Group

This is the user group which holds a large library of 'Public Domain' software. The software is for CP/M machines in general and is available in various disk formats (although they recognise the Interak format, they are only able to supply on 5.25 media at present. No doubt they will one day have a 3.5" drive).

They charge a few pounds for copying the disks.

This group has recently decided to include software MSDOS machines as well.

The address of the user group is:-

CP/M & MSDOS USERS' GROUP
72 MILL ROAD
DARTFORD
KENT DA2 7RZ

phone:- (0322) 22669
